Breaking the Silence

Youth Mental Health Outreach Initiative

The Danville Area Chamber of Commerce, in partnership with [Three Valleys Community Foundation](#), is pleased to launch a special philanthropic opportunity to address mental health and wellness challenges for youth in the greater Danville/San Ramon Valley region.

Breaking the Silence – Reinforcing Our Commitment to Youth Mental Health is designed to shine a spotlight on youth mental health in the area. Funds collected are fully tax-deductible, to the extent of the law. The Danville Area Chamber is a fiscally sponsored organization of Three Valleys Community Foundation.

While our region thrives in a myriad of areas, there are hidden challenges. Addictions – such as social media, drugs and vaping, as well as post-pandemic mental health issues remain, with our youth among the most vulnerable.

The Danville Area Chamber of Commerce desires to foster a vibrant, inclusive, and innovative economy. But to truly be sustainable, our community must also be healthy. Thanks to a commitment by the 2022 Chamber Board of Directors, we hope to begin this process via the *Youth Mental Health Outreach Initiative*. Grantmaking to non-profit organizations addressing these local issues in the Greater Danville Area and San Ramon Valley will begin in 2023.

Join us on this journey. Help us *Break the Silence*.
